

**You are invited to attend,**

**The 'School to Work Transition Project' Student Connect Networking Evening**

Presented by Valued Lives Foundation and Leeming SHS Education Support Centre

**Tuesday 29<sup>th</sup> August – 5pm to 7pm**

Leeming SHS Education Support Centre – Main Staffroom

4 Aulberry Parade, Leeming

Dear Families

After a successful event hosted for the graduating classes and participants of the 'School to Work Transition Project' in 2022. We are hosting a second event for the participating students of 2023.

Leading up to the event, I will be working with students to develop a list of questions which they can ask attending service providers based around how they might be the best to support the students on their post-school journey.

This is a valuable exercise in self-advocacy, building confidence, and affirming that the students are leaders in their own lives. Students will have around 10 minutes to speak with each provider as they move around the room.

The service providers who have been invited to event provide are known for their quality support provision in areas such as Daily Activities, Capacity Building, Therapy and Employment support.

Please see attached flyer for rsvp information.

We look forward to your attendance.

Ben Larcombe

Project Lead, 'School to Work Transition Project' | Innovative Employment Advisor
